## COUNCIL ON THE MOVE.

**They Are Raising Revenue,  
Opening Streets and En-  
forcing Ordinances,**

## THE BRECKENRIDGE ADDITION APPROVED.

Our City Dads met in regular monthly session at the City Hall Monday night. It was the warmest and longest meeting since the installation of the new board. Mayor H. V. Harris, in his happy style, called the body to order and Clerk Tousey read the minutes of the previous meeting which were approved.

The question of raising sufficient revenue to meet the current expenses of the town was the first important business to come before the body. Councilman Mattingly read an ordinance whereby there is a provision set forth to license all business and professional men. This matter was referred to the Financial Committee which will report at the next meeting.

Councilman Rohrer read an ordinance relative to property owners occupying the streets. He said they should pay the town something for using the ground. Mr. Hudson sanctioned the matter and was in favor of requiring the buildings now projecting on the streets to be removed from the line. This matter was referred to the Street Committee for investigation.

Mr. L. T. Reid was present and asked that the street running along by Clover Creek be opened. He offered to do the work free of charge to the town if they would take the line. Mr. Hudson will take the survey and the street will be opened.

The Financial Committee handed in its approximate estimate upon the cost of procuring water works which was in the neighborhood of \$12,000. Mr. John L. Morton was before the body and said as soon as the franchise for electric lights was offered, there were parties ready to make an offer to erect a plant. It was decided to advertise in the different mechanical journals for bids on water works and electric light plants.

Mr. Hudson spoke in behalf of the Standard Oil Company for the privilege of erecting buildings near the railroad depot for the purpose of carrying on their business upon a more extensive scale. He suggested to the Councilmen that they grant this company this privilege of building in the street but Hudson immediately offered an objection, saying the railroad would grant them the right to build on their ground and it would not be right to allow the Standard Company to build in the street and force other citizens to remove their buildings.

A plot of the Breckenridge addition was placed before the Council and was accepted. The Breckenridge Can-  
cell Coal company, through its manager, Mr. H. V. Harris, donates the streets to the City. This is quite an acquisition to the town and when completed will be the prettiest portion of the city.

After allowing claims, accounts and officers salaries, the council adjourned subject to the call of the Mayor.

## THE HACKNEY HORSE.

G. N. Lyddan Has A Valuable Import-  
ed Hackney At His Farm Near  
Irvington.

G. N. Lyddan, the proprietor of the Mt. Maple Stock farm near Irvington has made some valuable additions to his breeding stock. All his stock have wintered well and are in fine shape.

He has an imported Hackney, which is a comparatively new and very valuable breed. The Hackney is the ac-  
cepted type of carriage horse. It is a strong horse, hardy, active, strong and shod to pull a heavy vehicle at a fair rate of speed. Its popularity is established and it ranks among the highest as a breeder.

Watch for Mr. Lyddan's ad of his fine stock in our next issue.

## A Good Yield of Wheat.

Mr. C. O. Shuehane, a thrifty and enterprising farmer of the Steppenwolf locality, was in the city Thursday on business. Mr. Shuehane said:—"The acreage of wheat sown this year will exceed last year's by fifty per cent and the yield will be greater."

## HIGH AND WELL DRAINED

Second Street Being Extended  
and New Buildings Put  
Up.

## A COMMERCIAL CLUB TO BE ORGANIZED.

The past week has marked quite an improvement in the lower end of town. The Hawesville road has been turned so as to take it out of the low ground through the Breckenridge area. The new road is high and well drained and by the time it is opened for traffic, it will undoubtedly be in splendid shape, and will materially aid in the property lying alongside it.

The city authorities are working on the extension of second street from the Catholic church to the railroad shop, and when completed, this street will be of great benefit to every person employed at the shops.

Two cottages being built by the Breckenridge company are nearing completion, and probably lead the way in the practice of other building on the new subdivision in the rear of the city.

The next thing in order is the formation of a Commercial club to assist our city fathers in bringing outside capital here. The matter has been frequently suggested by different parties. Now let them get together and perfect such an organization.

## TIME FOR ACTION.

Let the Men of This County Denounce  
the Fraud Which Now Enev-  
ops the State.

From an Irvington Correspondent.

The time is ripe for action. We have no opposition in Kentucky, no armed revolution in this overthrow of civil government in our once proud commonwealth.

Let the people, regardless of political affiliation, rise in their might and in the name of outraged justice, denounce the proceedings of those persons who are guilty of lies, and under the domination of a small band of Ohio Republicans, have deprived Kentuckians of their liberty, endangered their lives, and by their high handed proceedings caused the liberty loving people of our state to stand agast at such a usurpation of power and such a travesty on the name of government.

I might further add that the statement has been made that the state government has been made by the white people that the citizens living outside the corporate limits will be taxed to keep up the city of Cloverport, which I state is emphatically false, and this falsehood is well known to the whiskey people, or least to that portion who know anything aside from the direction of a saloon keeper in a negro school house.

## SALE AT HITE'S RUN.

Mrs. N. Carney Disposes of Her  
Farm, Stock and House-  
hold Goods.

## GOOD PRICES PREVAIL.

Owing to the bright spring day and to the fact that the sale was advertised in the News, a large crowd gathered at the home of Mrs. N. Carney near Hite's Run Wednesday, March 28th, to be present at the sale. The house, stock and household goods.

Mr. Carney has lived on this place thirty-three years, and the sale was occasioned by his contemplated move, with his three daughters, to End, Oklahoma, where two of his children already reside.

The Carney family is of Irish extraction and has always stood high in the community where they live. Their neighbors and friends deeply regret their departure.

At 10 o'clock, of Hardinsburg, was the critic of the sale and the good prices said—about half of which were in cash, showed that money was plentiful in this country.

The farm, 317 acres, was sold to the Dean Tice company for \$1,500; three ewes and 10 lambs for \$80; to Thom. Flood; 9 big sheep, \$35 a head, to Dennis Flood; one mare for \$57.25 to Joe Beavin; 1 horse, 11 years old, 16 hands high, for one eye for \$40 to Andrew Elder; 1 male 16 years old, 16 hands high, for \$61.25 to J. L. Jordan; one 2 year old male, 15 hands high, for \$65.25 to Sam Beard; 1 male calf for \$15 to Jim Flood; 1 old gelding for \$10 to John Flood; one cow milch cow for \$20.75 to Sam Beard.

Now the colored people are entitled to protection, and we hope that the colored people will be given the same protection, and assistance of our able City Attorney, might devise some way of getting them off—that is, under saloon license—it will take 40 years and more to liquidate them, and no man will say that the council will appropriate money for a negro school building with this debt hanging on the people.

The case of gubernatorial dispute will probably be decided by the Court of Appeals in Frankfort today.

We are glad to note recovery of our valued Stephensport correspondent, Mrs. F. C. Ferry, and gladly welcome her items to our column again.

GOVERNOR GENERAL and Mrs. Wood are the parents of a little Cuban girl born March 29th at the palace in Havana. This is the first child of a Governor-General ever born in Cuba.

AFFAIRS at Frankfort are not settled yet. The big reward offered by the Democratic party for the discovery and conviction of Goebe's murderer is making the confessional a more popular place.

G. A. FOOTZ and D. C. Heron are doing much to ensure the success of the Swine Breeders' Association. These men have the interest of the county at heart and if the farmers of this country and adjoining ones will take their advice and attend this meeting, they will be wiser and richer in the long run.

Owing to an unfortunate accident, in our pressroom we are unable to publish an account of the meeting of Democrats at Hardinsburg last week to effect a reorganization of the party in this county and to make arrangements for an "organ." Just before going to press the galley containing this article was dropped and the type was pied.

It is only a few weeks now until the local option election in the first and second precincts, and it becomes the temperature people to continue their crusade more earnestly than ever. The whiskey people have been at work vigorously and have greatly influenced the floating vote since the December election. The thinking element needs no electioneering. They can see the right and wrong for themselves and if influenced by pure motives, will vote for the right. It is the crowd of followers, the men who take the example of a man who needs them, the men who are sentimental and who are wrought upon by a demagogue who needs them no longer than the campaign lasts and who will turn his back upon them in distress and trouble—these weak and blind men are the ones to be influenced for the right. Live right and you will vote right. Vote right then live right.
